

## TKS Cable Phone

### Price List Germany Deutschland

#### 1. General Information

Telepost Kabelservice GmbH & Co. KG, Altes Forsthaus 2, 67661 Kaiserslautern (called TKS in the following) provides the following price list for the billing of services for the TKS Cable Phone product. The price list is valid for Cable Phone accesses within Germany.

#### 2. Prices including VAT

The stated prices including value-added tax (VAT) are rounded to full cent amounts. Deviating from this are connection prices which are rounded to one tenth of a cent. The prices including VAT are calculated by taking prices without VAT and adding the legally applicable VAT amount. In the event that the VAT tax rate is changed, prices including VAT are modified according to the legally valid amount. In the event of a change of tax rate, the prices including VAT are adapted accordingly.

#### 3. Basic Prices

No.	Service	Price	
		w/o VAT EUR	Incl. VAT EUR
<b>1</b>	<b>Provision, monthly basic price</b>		
1.1	per TKS Cable Phone eco .....	10,88	12,95

3.2.2	in connection with order/cancellation.....	0,00	0,00
3.2.3	in connection with rate change.....	0,00	0,00

#### 4. Connections

##### 4.1 Principles for the Determination of Rates

Rates are determined on the basis of connection duration, connection type and rate periods. Chargeable connection duration always starts as soon as the call is accepted by the called party. Connection duration ends as soon as the connection is terminated. Beginning and end of connection time is recorded exactly (in seconds).

The connection time is subdivided into time units. Started time units are counted as full time units. For connections lasting less than one second, a connection time of one second is taken as a basis for billing.

Unless other provisions have been made for the connection in question, TKS connections are billed on the basis of time units consisting of 60 seconds. Every started 60 seconds the listed prices are calculated.

#### 4.2 Connections within the TKS Network (TKS-net Call)

TKS-net Call connections are outgoing connections to another TKS Cable Phone access which are self-dialled by the customer. This includes international connections.

The current call number areas of TKS Cable Phone will be published at a suitable place.

#### 4.3 Germany Connections TKS Germany Call

TKS Germany Call connections are outgoing connections dialled by the customer, which are set up by TKS when call numbers within the local network areas of Germany<sup>1)</sup> are dialled.

<sup>1)</sup> According to the currently valid regulations of Bundesnetzagentur zur Strukturierung und Ausgestaltung des Nummernraums für das öffentliche Telefonnetz in Deutschland (Federal Network Agency for the structuring and configuration of the call number area for the public telephone network in Germany), call numbers which can be reached by dialling the prefixes 00, 01, 0 31, 0 32, 05 00, 05 01, 06 01, 07 00, 07 01, 08 00, 08 01 and 09 00 to 09 05 are not deemed to be call numbers of local network areas.

#### 4.4 International Connections

Connections are only provided to destinations listed in the price list.

The customer may be entitled to set up a certain number of calls at a more favourable rate. This price is listed under the name "Best Country". Some connections to international mobile phone networks are subject to surcharges as stated in the applicable price list. This surcharge applies to the standard price as well as for the Best Country price.

#### 4.5 Connection Prices for National Standard Connections

No.	Service	Destination Call Number	Price per Minute		Price per Connection

**4.11 TKS Connections if Service Features Callback on Busy, Call Back/Alternating Between Lines, Three-Party Conference and Call Forwarding are used**

When the service features Callback on Busy, Call Back/Alternating Between Lines, Three-Party Conference are used, the connection charges are billed to the customers setting up the connections. For connections set up from the customer's TKS Cable Phone access, the connection prices according to this price list apply.

If the service feature Call Forwarding is activated, the customer is billed for connections which are forwarded from the network node responsible for call forwarding. The same prices apply as for outgoing calls from the customer's TKS Cable Phone access.
