## 4. TKS Cable Phone connections

### 4.1 Billing basics

The price calculation is determined by the connection durations, the kind of connections and the tariff times.

The billed connection time generally starts with the acceptance at the called party side. The connection time ends with the termination of the phone connection. Start and end time of each phone connection will be recorded second-precise. The individual connection duration is divided into single time frames. Started time frames will be counted in full even if not used. Connection times with less than one second will be billed with a connection time of one second.

For all phone connections initiated over a TKS Cable Phone access a metering rate of 60 seconds applies, if there are no further agreements. Each 60 second time frame will be charged referring to the currently valid pricelist.

### 4.2 Connections within TKS-networks (TKS-net call)

TKS-net call connections are connections for outgoing calls initiated by the customers themselves to other TKS Cable Phone accesses. These connections can also be international calls.

Phone numbers belonging to the TKS numbering range are published through TKS.

### 4.3 Germany connections (TKS Germany call) (Location Germany)

TKS Germany call connections are connections for outgoing calls initiated by the customers themselves, for calling German residential phone numbers<sup>1</sup> with area code that are connected through TKS.

<sup>1</sup> phone numbers starting with 00, 01, 031, 032, 0500, 0501, 0601, 0700, 0701, 0800, 0801, 0900, 0901, 0902, 0903, 0904 and 0905 are not billed as TKS Germany calls according to the currently valid regulations of the Bundesnetzagentur.

### 4.4 International connections

Connections will be done exclusively to countries listed on the pricelist.

The customer may possibly be entitled to order connections to a dedicated number of countries for a special price. The connection fees are listed under the name "Best Country". For some connections to international Mobile networks a surcharge, which is shown on the price table, may be charged.

The surcharge will be added to the normal connection fees as well as to the Best Country fees.
