The onetime fee applies to the current NFL regular season, no matter when ticket gets booked.		

Contract fees

Activation fee:	€ 29.95 onetime activation fee is required and is due on the first invoice.	
Recommended Hardware:	AVM FRITZ!Box 6850 5G	purchase price: 339,95 € Payment plan: 12 monthly rates of € 30.00 and a onetime downpayment of 9,95 €.
	Set-top box (STB)	purchase price: €69.95 per set-top box (Maximum of two boxes per service).
	easyTV, HDMI-Cable:	purchase price: 3 meters = €3.95 / 5 meters = €9.95

Cancellation:

Cancellations of all plans are valid to the end of the following month.
The Giga plus / Giga Connect plans run independently from the standard Giga plan and therefore each individual contract must be requested to be cancelled. If the standard Giga plan ("Admin") is cancelled, the oldest Giga plus / Giga Connect plan automatically will be switched to a standard Giga plan and is then the new "Admin" (Owner) of the group. The oldest Giga plus plan will be switched as follows:
Giga 5 plus or Giga 20 plus will be changed to a standard Giga 25 plan (standard price applies).
Giga Unlimited plus will be changed to a standard Giga 50 plan (standard price applies).
Giga Connect will be changed to a standard GigaData 50 plan (standard price applies).

TKS Internet, Telephone, & Bundles Remarks

Fair Use Conditions: The fair use policy permits a maximum total talk time of 20,000 min per month; this pertains to all calls to landlines & mobile connections, and outgoing calls with the usage of the myTKS App over a mobile device. Exceeding the included fair use budget will be charged at standard rate. After 4 hours of continuous use the connection will automatically be disconnected.

Charge Fee Services, Included Budgets, & Flat Rates: do not include premium rate services, personal numbers, value-added service, service numbers, shared cost numbers, premium billing numbers, maritime services, and satellite connections.

Transmission rate: This speed represents the maximum highest possible technically realizable bandwidth & can't be guaranteed. The actual available speed may be lower, depending on the physical conditions of the access line. A lower speed does not affect the basic monthly fee.	Maximum Down- / Upload Speed: of up to:			
	On-base	Off-base		
	Cable Connection 250/50 Mbps 500/75 Mbps 1 Gbps/100 Mbps	Cable Connection 50/2 Mbps 100/6 Mbps 200/12 Mbps 500/50 Mbps	Mobile Connection 300/100 Mbps	DSL Connection 50/10 Mbps 100/40 Mbps 250/40 Mbps

Tariff Change (up-/downgrade): Up- and downgrades can only be made in the actual portfolio. Upgrades are charge free and take place within 7 days. Downgrades (change to a lower bandwidth) must be requested at least 7 days prior to the end of the month and go into effect the 1st of the next month. The current downgrade fee (refer to "Internet, Telephone, & TV Prices") will be charged on the next invoice. Not available for Giga Connect contracts.

myTKS App:

- **App Usage:** The myTKS App can be used over Wi-Fi or mobile data. TKS is not liable for data volume used over the mobile device by using the myTKS App without a Wi-Fi connection or for all mobile connections made without using the myTKS App. This also applies for roaming.
- **Login / Pairing:** The service can be used via App on one mobile device per contract with the login data provided over the registration of a myTKS account. The registration for myTKS is conducted over the TKS web portal: tkscable.com. The username and password from the myTKS account is the login data for the myTKS App. The user will be prompted to select one of their App relevant contracts for pairing after login. An automatic pairing verification will take place after the contract selection has been made. **The use of more than one mobile device per contract is not possible.** Pairing of a new / different device to a contract is possible.
- **Roaming:** The myTKS App roaming usage is permitted. Data volume deductions may apply when the myTKS App is not used over Wi-Fi. Roaming charge for data usage may be charged if no option is booked. If a roaming option is booked the included option data will also be used for the myTKS App when not connected over Wi-Fi.
- **Emergency Calls:** Emergency calls can only be placed via an existing GSM connection. If there is no signal the call will not be possible. Emergency calls via Wi-Fi calling are not possible.

Billing: The monthly charges start on the activation date & are prorated based on the remaining monthly time frame. If the price is to be calculated for parts of a calendar month, the exact number of days for which the service is used will be calculated.

TDYRelaxed: This option provides the possibility to temporarily block the connection for a min. of 1 month & a max. time frame of 3 months, however a max. of 90 days within a calendar year. The connection will be blocked for outgoing calls during this time frame. Emergency calls & calls to the TKS customer service center can still be made. When this option is chosen to a service that contains a TV package the TV service will also be blocked. Not available for Giga Connect contracts.

TKS TV Remarks

Service Packages: easyTV Smart is the Basis of the easyTV service offer and is required to add a service package upgrade. Both service upgrades can be added independently of each other and in combination as well.

Reception: For the reception of easyTV & TKS easyTV Mobile a constant internet connection is required, that provides next to other technical requirements also an adequate bandwidth. If the bandwidth is too small or if it must be shared with other applications, the easyTV streaming might be interrupted. **Note:** According to which internet connection is being used additional costs for streaming may occur. It is the responsibility of the customer to inform themselves about the internet connection costs with the individual provider. The customer is held fully liable for any connection costs that occur.

TKS easyTV Mobile: TKS is not liable for costs incurred by using the easyTV App via an internet connection or for a limitation of the bandwidth from a mobile data connection, resulting from the use of the easyTV App.
