Included Services
Rollover unused monthly data volume
Unlimited talk time and text (all German networks)
Highspeed internet within 5G networks (up to 1 Gbps)
WiFi-calling (only within Germany)
Free Vodafone hotspots

^{1) Roaming:} Included budgets and rollover data can be used within the listed EU countries. This applies for outgoing and incoming roaming calls within the EU and to Germany, text, and data usage according to the fair use policy (500 min. and 500 texts per day- exceeding will be charged the regulated EU roaming rate). Included roaming connections do not apply to international waters (e.g.: ferry, boat trips, etc.) or service numbers. EU Roaming is only valid in TKS easyMobile / Vodafone (partner) network.

Giga Unlimited: Unlimited data usage is only valid within Germany. The included EU budget can be found in the MyTKS App. The shown volume is per billing cycle & will be calculated from the use in the EU plus the usage over the easyTravel option. Exceeding the included volume (EU & easyTravel option) will be charged at € 0.0020 per MB (€ 2.00 per GB). For all countries outside of the EU refer to TKS easyMobile roaming options rate sheet.

EU Countries: Austria, Azores, Belgium, Bulgaria, Canary Islands, Ceuta, Croatia, Cyprus (excluding Northern Cyprus), Czech Republic, Denmark, Estonia, Finland, France (excluding Monaco), French Guiana, Gibraltar, Great Britain, Greece, Guadeloupe, Hungary, Iceland, Ireland, Italy, La Reunion, Latvia, Liechtenstein, Lithuania, Luxembourg, Madeira, Malta, Martinique, Mayotte, Melilla, Netherlands, Norway, Poland, Portugal, Romania, Saint-Barthelemy, Saint-Martin, Slovenia, Slovakia, Spain, and Sweden.

Note: Included budgets are valid for roaming connections made to Germany and within the listed EU countries (EU contry list is subject to change).

All prices are in Euro and without VAT. For VAT regulation refer to TKS terms and conditions. Rates and services are subject to change.

2) TKS easyMobile Tariff Remarks	
Contract conclusions:	Only in the military sponsor's name. A maximum of three contracts can only be issued to one customer.
Hardware:	Only one hardware installment purchase plan per easyMobile contract is permitted. The installment plan has a 24 months duration. Down payment and first installment payment must be paid by sign up.
Talk time:	TKS reserves the right to terminate service when included talk time of a max 250 hours per billing period is exceeded.
Calls to foreign countries:	<u>Calls from Germany to foreign countries are not included</u> , refer to rate sheet "TKS easyMobile – International Rates".
Text / MMS:	VF text central number: +491722270333. Text sent over a non-VF center number will be charged. Text & MMS flat rates do not apply for sending to an e-mail address, to foreign countries, service numbers, special numbers & over internet providers.
Data volume / transmission speed:	The flat rate data usage is only valid in Germany inland and EU over the APN: web.vodafone.de. After 24 hours of continuous use TKS reserves the right to automatically disconnect. VOIP, tethering and peer-to-peer are permitted. WiFi-Hotspot and router usage is only permitted for one's own private use. The upper transmission speed limit of up to 1 Gbps download / 100 Mbps upload can't be guaranteed. The actual utilization speed depends amongst other things on the structural characteristics of buildings in the vicinity & the number of mobile devices that are connected to a mobile radio cell at the same time. A compatible device is required for 5G network usage. A speed limitation of 32 kbps applies after exceeding the included data volume.
Rollover monthly data:	Keeps the unused data volume until the end of the following billing cycle. Current data volume will always be used before rollover data. The rollover monthly data may also be used within EU countries.
Charge free services, budgets, and flat rates:	Charge free services, included budgets, and flat rates do not include conference calls, premium rate services, call forwarding, text-services, service numbers, and premium billing numbers. Unused included budgets will expire at the end of the billing cycle (except data with the rollover monthly data feature).
Vodafone hotspots:	TKS provides a Hotspot access code voucher, starting with the first invoice and thereafter on every monthly invoice.
WiFi calling:	WiFi calling is used to achieve better conversation quality in poor or no reception areas. A German WiFi network connection & a WiFi supported smartphone is required. Calls made over WiFi calling are charged according to the original plan. Roaming is not available. Note: International & non-included connections will be charged when using WiFi calling, refer to the separate rate sheet "TKS easyMobile – International Rates" that can be obtained from TKS.
Billing:	Monthly package price will be charged in advance. With the contract conclusion the budgets & flat rates will be prorated according to remaining billing cycle. Data usage will always be rounded up to 100 KB per connection. The first invoice consists of an activation fee & a prorated price for the first month. The billing cycle is from the 6 th of the month to the 5 th of the following month and will be reset at the end of the billing cycle (not the end of the calendar month).
Cancellation:	Cancellations are only valid to the end of the following month.

3) easyConnect Mobile Global Option	
General info:	<p>The easyConnect Mobile Global option can be added for € 12.95 per month to the easyMobile 5G voice contract. With this option TKS will issue a landline number, which can be used for incoming and outgoing calls over a mobile device by using the myTKS app, provided that the customer has an activated TKS easyMobile 5G voice contract.</p> <p>The myTKS app is offered for Android (Version 5.1 or higher) and Apple iPhone (Version 10.3 or higher) devices and can be downloaded free of charge from the respective app stores.</p> <p>With the easyConnect Mobile Global option all easyConnect Global countries (landlines and certain mobile connections), can be called free of charge according to the fair use policy. If the contract is cancelled or terminated the use of the myTKS app will be discontinued.</p> <p>The myTKS app can be used over WiFi or mobile data. TKS is not liable for data volume used over the mobile device by using the myTKS app without a WiFi connection or for all mobile connections made without using the myTKS app.</p> <p>This also applies for roaming.</p>
Fair use conditions:	<p>The fair use policy permits a maximum total talk time (incoming and outgoing calls) of 20.000 min per month over the myTKS app. After 4 hours of continuous use the connection will automatically be disconnected. Price for exceeding included fair use budget will be charged at standard Global rates (refer to easyConnect price list).</p> <p>The myTKS app will be terminated by exceeding the fair use budget over two consequent months.</p>
Login / pairing:	<p>The service can be used via myTKS app on one mobile device per contract with the login data provided over the registration of a myTKS account. The registration for myTKS is conducted over the TKS web portal: tkscable.com. The username and password from the myTKS account is the login data for the myTKS app. The user will be prompted to select one of their app relevant contracts for pairing after login. An automatic pairing verification will take place after the contract selection has been made. The use of more than one mobile device per contract is not possible. Pairing of a new / different device to a contract is possible. Customer is responsible to keep their login data secret, also not to provide it to a third party. If the customer allows the usage of third party the customer is liable for all costs that result in usage of a third party. The customer commits themselves to take over all charges which have occurred by authorized or unauthorized utilization of the service by third parties, unless the utilization is verifiable that it was beyond customer's responsibility.</p>
Roaming:	<p>Roaming usage is permitted for the easyConnect Mobile Global option used over the myTKS app. Data volume deductions may apply when the myTKS app is not used over WiFi. Roaming charge for data usage may be charged if no option is booked. If a data option is booked for roaming the included option data will also be used for the myTKS app when not connected over WiFi.</p>
Emergency calls:	<p>Emergency calls can only be placed via an existing GSM connection. If the customer doesn't have any signal the call will not be possible. Emergency calls via WiFi calling are not possible.</p>
Move:	<p>The original landline phone number is a geographically telephone number and therefore by a move in most cases a new landline phone number must be issued. The customer must give proper advance notice.</p>
Cancellation:	<p>Cancellations are only valid to the end of the following month.</p>
