TKS Telepost Kabelservice GmbH & Co. KG, Altes Forsthaus 2, 67661 Kaiserslautern (called TKS in the following) provides the below pricelist for billing of services rendered for TKS easyConnect service. The price list for connections located within Germany are with the heading „Location Germany“ and for connections located within Italy with the header „Location Italy“. 2. Prices

2.1 Prices including VAT

The stated prices including VAT are rounded up to full cent amounts. Determining for the billing of utilized services are the stated prices without VAT. These are collected by TKS for billing purposes and form the basis for calculating the VAT amount. It is therefore possible that the amount to be paid by customer is lower than the sum of prices including VAT. The prices including VAT are calculated by taking prices without VAT and adding the legally binding value-added tax. In the event that the VAT rate is changed, prices including VAT are adapted accordingly.

2.2 Prices without VAT

In location Germany: the customer can provide monthly a VAT form and receives the VAT exemption. The VAT form must be provided to TKS before the end of the month and is valid for the following month. VAT forms can not be used for third party services. In location Italy: this VAT exemption process does not apply.

4. TKS Telephone Connections (Location Germany)

4.1 Billing basics

The price calculation is determined by the connection durations, the kind of connections and the tariff times. The billed connection time generally starts with the acceptance at the called party side. The connection time ends with the termination of the phone connection. Start and end time of each phone connection will be recorded second-precise. The individual connection duration is divided into single time frames. Started time frames will be counted in full even if not used. Connection times with less than one second will be billed with a connection time of one second.

For all phone connections initiated over a TKS access a metering rate of 60 seconds applies, if there are no further agreements. Each 60 second time frame will be charged referring to the currently valid pricelist.

4.2 Connections within TKS-networks (TKS-Net call)

TKS-Net call connections are connections for outgoing calls initiated by the customers themselves to other TKS-Net accesses. These connections can also be international calls.

Phone numbers belonging to the TKS numbering range are published through TKS.

4.3 Germany connections (TKS Germany call) (Location Germany)

TKS Germany call connections are connections for outgoing calls initiated by the customers themselves, for calling German fixed network phone numbers¹ with area code that are connected through TKS.

¹ phone numbers starting with 00, 01, 031, 032, 0500, 0501, 0601, 0700, 0701, 0800, 0801, 0900, 0901, 0902, 0903, 0904 and 0905 are not billed as TKS Germany calls according to the currently valid regulations of the Bundesnetzagentur.

4.4 International connections

Connections will be done exclusively to countries listed on the pricelist.

The customer may possibly be entitled to order connections to a dedicated number of countries for a special price. The connection fees are listed under the name "BestCountry". For some connections to international mobile networks a surcharge which is shown on the price table may be charged.
