

TKS easyConnect

Price List (Location Germany)

1. General information

TKS Telepost Kabelservice GmbH, Altes Forsthaus 2, 67661 Kaiserslautern (called TKS in the following) provides the below pricelist for billing of services rendered for TKS easyConnect service. The price list for connections located within Germany are with the heading „Location Germany“. For the connections in various countries different prices apply.

2. Prices

2.1 Prices including VAT

The stated prices including VAT are rounded up to full cent amounts. Determining for the billing of utilized services are the stated prices without VAT. These are collected by TKS for billing purposes and form the basis for calculating the VAT amount. It is therefore possible that the amount to be paid by customer is lower than the sum of prices including VAT. The prices including VAT are calculated by taking prices without VAT and adding the legally binding value-added tax. In the event that the VAT rate is changed, prices including VAT are adapted accordingly.

2.2 Prices without VAT

In location Germany: the customer can provide monthly a VAT form and receives the VAT exemption. The VAT form must be provided to TKS before the end of the month and is valid for the following month. VAT forms can not be used for third party services.

3. Standard Services (Location Germany)

No.	Service	Monthly basic fee	
		Germany without VAT EUR	Germany incl. VAT EUR

* These additional services are always charged without VAT.

** The indicated price refers to the service of a TKS technician. Prices for the service technician from Deutsche Telekom or Vodafone can be referred to on their respective web page.

4. TKS Telephone Connections (Location Germany)

4.1 Billing basics

The price calculation is determined by the connection durations, the kind of connections and the tariff times. The billed connection time generally starts with the acceptance at the called party side. The connection time ends with the termination of the phone connection. Start and end time of each phone connection will be recorded second-precise. The individual connection duration is divided into single time frames. Started time frames will be counted in full even if not used. Connection times with less than one second will be billed with a connection time of one second. For all phone connections initiated over a TKS access a metering rate of 60 seconds applies, if there are no further agreements. Each 60 second time frame will be charged referring to the currently valid pricelist.

4.2 Germany all network connections (Location Germany)

Germany all network connections are connections for outgoing calls initiated by the customers themselves, for calling German fixed and mobile network phone numbers (refer to 5.4) with area code that are connected through TKS.

4.3 National & International connections

Connections will be done exclusively to countries listed on the pricelist.

The connection fees are listed under the name "Standard price per min." and according to the chosen tariff "Connect Basic" or "Connect Global" the included calling flat rates are listed under the tariff name with an "X" and non-included countries are listed with "-". The listed Networks indicate if the flat rate includes calls to landlines only or mobile connection only or both when indicated landlines & mobile.

4.4 Not included numbers and services

Charge free services, included budgets, and flat rates do not include premium rate services, personal numbers, value-added service, service numbers, shared-cost numbers, premium billing numbers, maritime services, and satellite connections.
