#### 5. Additional service and options

TKS reserves the right to offer timely limited additional services that are not listed in the general terms and conditions.

##### 5.1. NFL Red Zone Ticket

The NFL Red Zone Ticket is a timely limited service offer, which gets only offered during the NFL season. This Ticket enables to watch the channel NFL Red Zone for the complete season. Prerequisite therefore is an easyTV GO contract with easyTV GO - Gold, or easyTV GO - Platinum. The price for the Ticket remains the same, no matter when the Ticket gets booked.

##### 5.2. Flex Option

This additional option is included in the easyTV GO service and provides the capability of Cloud DVR [Network Personal Video Recorder (NPVR)], Replay On Demand, Start Over, and Timeshift.

All of the Flex Option features are only functional if start- and end- time information of a selected program is available in the Electronic Program Guide (EPG).

Through possible transmission interference TKS can not guarantee that all started EPG program recordings will be completed successfully.

##### 5.2.1. Cloud DVR [Network Personal Video Recorder (NPVR)]

Cloud DVR (NPVR) is a network based digital video recorder stored at TKS's data center rather than at the consumer's private home. The Cloud DVR feature is only available if start- and end- time information of a selected program is available in the Electronic Program Guide (EPG). With Cloud DVR it is possible to watch one program and parallel record other programs at the same time provided there is enough recording space available. The Cloud DVR feature provides recording space for up to 15 hours and storage time per recorded programs for 3 months. After the storage time is exceeded the recorded programs will automatically be deleted.

ed. Programs stored on the Cloud DVR can not be transferred to a USB device.

Cloud DVR (NPVR) function is provided to facilitate flexible TV viewing experience but not for enduring storage of programming. Recorded programs are not property of the customer and TKS cannot be held liable for any lost recordings.

Due to license restriction the function of rewind and fast forward is not possible with the Cloud DVR.

##### 5.2.2. Replay On Demand

The Replay On Demand feature is an on demand service that provides the capability to watch easyTV programs up to 7 days in the past. The Replay On Demand feature is only available if start- and end- time information of a selected program is available in the Electronic Program Guide (EPG).

##### 5.2.3. Start Over

The Start Over feature provides the capability to jump to the beginning of a program that is already running and start watching it from there. The Start Over feature is only available if start- and end- time information of a selected program is available in the Electronic Program Guide (EPG).

##### 5.2.4. Timeshift

The Timeshift feature allows the users to pause the actual channel they are currently watching and resume the playing later from the point where it was paused. The pause time is limited to the available system storage capacity. The Timeshift feature is only available if start- and end- time information of a selected program is available in the Electronic Program Guide (EPG).

#### 5.3.easyTV mobile

This additional option provides the capability to receive easyTV GO over a mobile hardware device.

TKS reserves the right to offer special reductions, sneak preview of upcoming new modular program packages, or free monthly service for their products and services.

Registration and login is necessary to access the service.

The simultaneous use of services on more than one mobile hardware device is not possible.

The provision of terminal equipment and the adequate internet connection is up to the user. According to which internet connection is being used additional costs for streaming may occur.
