## 1. General information

TKS Telepost Kabelservice GmbH, Altes Forsthaus 2, 67661 Kaiserslautern (hereinafter referred to as "TKS") provides the below pricelist for billing of services rendered for TKS Internet, Phone, & TV services. This pricelist also applies if TKS provides its services on behalf of the Army & Air Force Exchange Service ("The Exchange"), Dallas, Texas 75201, United States, phone +1-214-312-3300, [www.shopmyexchange.com/](http://www.shopmyexchange.com/). In this case, the customer of The Exchange confirms his/her knowledge of The Exchange's Terms and Conditions for this contract, available at: [www.shopmyexchange.com/customer-service/terms-and-conditions](http://www.shopmyexchange.com/customer-service/terms-and-conditions), that will be part of the customer's contract with The Exchange. The price list is for connections located within Germany. For the connections in various countries different prices apply.

## 2. Value Added Tax (VAT)

### 2.1 Prices without VAT

In location Germany: TKS offers all services without using a VAT form with VAT exemption to US Department of Defense (DOD) ID cardholder who qualifies for a foreign tax exemption under NATO Status of Forces Agreement (SOFA). Customers with this status are only US military, US civilian employees, and dependents living in Germany on orders. If the customer does not have SOFA status, the services will be charged with the applicable German value-added tax (VAT- Umsatzsteuer).

Third party services are not VAT exempt. Their VAT charges will be fully passed on to the customer.

### 2.2 Prices including VAT

The stated prices including VAT are rounded up to full cent amounts. Determining for the billing of utilized services are the stated prices without VAT. These are collected by TKS for billing purposes and form the basis for calculating the VAT amount. It is therefore possible that the amount to be paid by customer is lower than the sum of prices including VAT. The prices including VAT are calculated by taking prices without VAT and adding the legally binding value-added tax. In the event that the VAT rate is changed, prices including VAT are adapted accordingly.

## 3. TKS easyConnect Standard Services

### 3.1 TKS easyConnect / Bundle / Entertainment Service

The easyConnect service comes in 4 different versions:

- **easyConnect Basic:**  
Telephone connection with a calling flat rate for landlines & mobile to all German networks, U.S. (does not include territories), Canada, & UK (does not include British Virgin Island & Ireland), the myTKS App, and a flat rate for internet access all according to the fair use policy.
- **easyConnect Global:**  
Telephone connection with a calling flat rate to all German networks, flat rate for calls made to certain countries (landlines & for some countries mobile), the myTKS App, and a flat rate for internet access all according to the fair use policy.
- **easyConnect Bundle:**  
Telephone connection (easyConnect Global) with a calling flat rate to all German networks, flat rate for calls made to certain countries (landlines & for some countries mobile), the myTKS App, and a flat rate for internet access all according to the fair use policy, plus the easyTV Basic package. In the easyTV Basic package is charge free the Flex Option (cloud DVD, replay on demand, start over & time-shift). TKS provides also charge free included in their bundle the possibility of TV service via the easyTV Mobile that provides the capability to receive the TKS TV program package via mobile device over the TKS APP & PC Client or other streaming devices.
- **easyConnect Entertainment:**  
Contains of a flat rate for internet access, according to the fair use policy and is only available in location Garmisch on-base.

All easyConnect services (except for easyConnect Entertainment) can be offered in locations on-base, off-base. If the Internet access is based on a DSL connection or as the case may be on the basis of a basic cable connection from TKS and/or Vodafone. The decision if an internet access via a DSL connection or via a basic cable connection is made available, depends on the TKS service offered and the technical conditions at the customer's location (building) for which access is requested.

The below table provides the price per connection type and transmission speed. The following service will be listed in the table as followed:

## 4. TKS Telephone Connections

### 4.1 Billing basics

The price calculation is determined by the connection durations, the kind of connections and the tariff times. The billed connection time generally starts with the acceptance at the called party side. The connection time ends with the termination of the phone connection. Start and end time of each phone connection will be recorded second precise. The individual connection duration is divided into single time frames. Started time frames will be counted in full even if not used. Connection times with less than one second will be billed with a connection time of one second. For all phone connections initiated over a TKS access a metering rate of 60 seconds applies if there are no further agreements. Each 60 second time frame will be charged referring to the currently valid pricelist.

### 4.2 Germany all network connections

Germany all network connections are connections for outgoing calls initiated by the customers themselves, for calling German fixed and mobile network phone numbers (refer to 4.4) with area code that are connected through TKS.

### 4.3 National & International connections

Connections will be done exclusively to countries listed on the pricelist. The connection fees are listed under the name "Standard price per min." and according to the chosen tariff "Connect Basic" or "Connect Global" the included calling flat rates are listed under the tariff name with an "X" and non-included countries are listed with "-". The listed Networks indicate if the flat rate includes calls to landlines only or mobile connection only or both when indicated landlines & mobile.

### 4.4 Not included numbers and services

Charge free services, included budgets, and flat rates do not include premium rate services, personal numbers, value-added service, service numbers, shared-cost numbers, premium billing numbers, maritime services, and satellite connections.
