Prices

1.1 Prices including VAT

The stated prices including VAT are rounded up to full cent amounts. Determining for the billing of utilized services are the stated prices without VAT. These are collected by TKS for billing purposes and form the basis for calculating the VAT amount. It is therefore possible that the amount to be paid by customer is lower than the sum of prices including VAT. The prices including VAT are calculated by taking prices without VAT and adding the legally binding value-added tax. In the event that the VAT rate is changed, prices including VAT are adapted accordingly.

1.2 Prices without VAT

If a contract agreement is concluded without hardware or with a hardware installment purchase plan the customer can provide monthly a VAT form and receives the VAT exemption. The VAT form must be provided to TKS before the end of the month for the following month's invoice. VAT forms can not be used for third party services.
